Sir:

In Reply to the Final Office Action dated December 1, 2005, reconsideration is respectfully requested.

Claims 11, 30-39, 41-52, and 54-55 stand rejected under 35 U.S.C. §103(a) over ETSI TS 125 322 v.3.1.2(2000-01)(hereinafter referred to as "**TS 125 322 v.3.1.2**") in view of ETSI EN 301 349 v.7.5.0 (2000-07)(hereinafter referred to as "**EN 301 349 v.7.5.0**"). The rejection is respectfully traversed.

The proposed combination fails to establish a *prima facie* case of obviousness, as required under Section 103, and the cited references fail to teach or suggest all of the features and the combination thereof, as recited in limitations in claims 11, 30-39, 41-52, and 54-55. For
